

IN THE CYCLING WORLD.

THE GLEDHILL BILL TO COME UP IN THE NEW-JERSEY ASSEMBLY.

THE HARLEM WHEELMEN'S MINSTREL SHOW—STANDING COMMITTEE OF THE ASSOCIATED CYCLING CLUBS APPOINTED—MEDALS FOR MORRIS CLUBMEN—BROOKLYN PARK REGULATIONS.

On the motion of Mr. Gedhill, author of the Gedhill Bicycle bill, the Committee on Railroads and Canals of the New-Jersey Legislature was on Wednesday morning relieved from further consideration of that bill, by a vote of 9 to 15. This vote shows how many friends the wheelmen have in the fight. At the afternoon session Mr. Gedhill offered another resolution that the House should hold a meeting next Tuesday morning at 9 o'clock, and it was unanimously adopted. The bill will at that time come up for final consideration by the House as a Committee of the Whole, and may then be passed. It is the desire of the officials of the New-Jersey Democrats that the jurisdiction of the Park Department Lange with a red glass in front of the entrance is prohibited. The limit must not exceed two and one-half inches in diameter, and the use of Chinese lanterns, except in parades which have been sanctioned, is prohibited.

The Dayton racing club continues to make its mark with the latest achievements credited to those of Frank Waller in the six days' races at Washington and Pittsburg, both of which he won, and the triumph of W. E. Becker at San Francisco on February 22, when he won a five-mile match race, with the following times: 1 mile, 1:38; second mile, 1:31; third mile, 1:34; fourth mile, 1:38; and the last mile in two minutes, flat.

Park Commissioner Delmar, of Brooklyn, has formulated some rules for the government of the cyclists this year in the park and driveways, reserving the jurisdiction of the Park Department Lange with a red glass in front of the entrance is prohibited. The limit must not exceed two and one-half inches in diameter, and the use of Chinese lanterns, except in parades which have been sanctioned, is prohibited.

The cycle path in Brooklyn was in fairly good condition yesterday. In the morning hours several rough-hoarding persons, who are apparently training for coming prights, take possession of the paths. One of these men, who by the way, has no right on the paths, stood in front of the approaching wheelmen, and would not get out of the way. The cycle was thrown to the ground. One of the mounted policemen saw what happened, or ought to have seen it, yet he paid no attention to it.

Cyclists desiring to join the League of American Wheelmen may obtain full printed information and membership blanks by sending names and addresses to the Cycling Editor, Tribune.
